**Subject:** 15% Discount on text books to students - demand of books through E-commerce portal of PSEB

Respected Sir/Madam,

From this academic year i.e. 2026-27, the Punjab School education Board has decided to pass the 15% discount on the purchase of textbook to the students. For this purpose an e-commerce portal is made operational and will be active from 1st of April 2026. The school will facilitate the students for this purpose and will not charge anything over the discounted price. If any school is found over charging this will be viewed seriously and action against the concerned school will be initiated. This step is taken for the welfare of students studying in the schools affiliated with Punjab School education Board.

Yours faithfully,

  
For Punjab School Education Board
